AGENDA
Data Warehouse Redesign Workgroup
9:00-10:30AM
September 9, 2013
CONFERENCE CALL
(641) 715-3300 Participant Access Code: 819206#

- **COTS/Platform Review – Preliminary Results.** Review some preliminary results.
- **Open Data Pilot – State of VT (DII)**. DII is doing an "open data" pilot using Socrata Open Data Portal software. Steve will bring group up-to-date on this new development. Opportunity for Workgroup to participate in this pilot. GeoData ideas that will create a "big splash" for the pilot?
- **Identify action items and next steps**. Given DII pilot project and bias toward Socrata, what should we do next? Finish COTS/Platform review? Revise project Charter/WorkPlan? Questions/concerns regarding "open data" policies, standards, and governance?
